GUESTS

None

AGENDA

The purpose of this meeting is to:

- Discuss Patriotic Celebration
- Accept Minutes from April 2007
- New Business

DISCUSSION

Meeting called to order at 0840 hours by Chairman Begin.

- Chief Begin requested CERT to assist on the weekend of the Patriotic Celebration. He requested enough people to cover the intersections for the parade route so we do not need area police departments to help out.
- Paul King motioned to accept the April 2007 minutes with the grammatical corrections that were brought forward by Dick. Motion seconded by Paul Marsh. All in favor, Wendy abstained.
- Peter mentioned the EMD/CERT office is still waiting for an internet connection. Chief Begin said he would contact John Wallis and have him hook it into the police departments.

- Paul King has met with the school personnel reference using the new middle school as a shelter. An MOU is in the works.
- Paul Marsh mentioned the MOU with the Army Corp of Engineers appears to have changed. The OHRV class which the ACE was to hold and bring 4-wheelers for CERT to use has changed to a public class and we need to bring our own 4-wheelers. Paul King asked Peter to look into the change in the MOU.
- Peter asked Ray about the outside lights being on at night. He felt it was a safety issue. Ray asked Peter to contact Chief Begin about this.

0925 Paul King made a motion to adjourn. Motion seconded by Paul Marsh. All in favor.

Respectfully submitted,

Peter Buono
